Inquiry data sheet

Thermal oil heater, exhaust gas/flue gas fired (wtö-rg)

G:\DAT_HTT\TKIDATENBLA\ANFRAGEN\wtorg_en.doc / Stand: 05/2004

Your project / consumer _____ [-]
HTT no. _____ [-]
Net heating capacity / inflow temperature _____ [kW] / _____ [°C]
Volume flow / ΔT heater _____ [m³/h] / _____ [K]
Heat transfer medium _____ [-]
Permissible min. / max. operating temperature heater (TS) _____ [°C]
Max. permissible operating overpressure heater (PS) _____ [bar]
Construction requirement Pressure equipment directive _____ [-]
Design horizontal vertical
Installation Inside installation Outside installation
Installation above NSL _____ [m]
Exhaust gas / flue gas Hot gas volume flow _____ [Nm³/h]
Hot gas temperature _____ [°C]
Power voltage 400 / 500 / _____ V / 50 / 60 Hz
Control voltage _____ V / 50 / 60 Hz
Content of heat transfer fluid (customer's side) _____ [l]

Remarks _____
